

GOODYEAR WELT

All that a Woman Demands

in her summer footwear can be found right here.

First of all, the newest styles and leathers to match her every costume.

Then durability, economy, and comfort.

The Goodyear Welt process now makes shoes as durable and comfortable as if hand sewed, but at only one-third the price.

By this process the shoes are left smooth inside—not a tack, seam or thread penetrates the insole. Think what this means to the comfort of your feet, especially in hot weather!

\$4.00 Oxfords \$2.98

We will continue our shoe sale for another week and like to call your special attention to the above cut and description of our \$4.00 oxfords now selling at \$2.98.

Grand Rapids—

The Hoskins block, one of the old landmarks of this city, was almost entirely destroyed by fire Saturday. The blaze is thought to have started from a gasoline stove in the Sitterly restaurant. Only a portion of the loss is covered by insurance. The block was built in the early seventies by G. A. Corrieau.

Marquette—

One of the big elephants owned by the United Shows, which was exhibiting here, threw its leg out of joint while hauling a heavy wagon. Dr. J. S. Atkinson was called upon to attend the beast and with the assistance of half a dozen men succeeded in getting the leg back in shape.

Shawano—

Plans for the new county insane asylum furnished by a Milwaukee firm have been adopted by the county board. A building committee was also appointed and bids for the erection of the structure will soon be advertised for. The building will cost \$100,000 and it will require a year to complete it.

Ashland—

This locality is now positively assured the location of the permanent experimental farm that Wisconsin University has been planning on establishing at some point in northern Wisconsin. For several days a number of professors from the university headed by Prof. Moore have been here thoroughly going over the site which Ashland and Bayfield counties agreed to purchase for this purpose with view of determining if the entire tract was of clay soil, such as was desired by the university for the experiments intended to be made in raising products on red clay soil.

Excellent fruit conditions in Bayfield county during the last two seasons have had a tendency to boost land values in this section. It is learned that a quarter section of land north of Washburn is now being negotiated for at the rate of \$75 per acre. Of late small tracts have been sold at from \$75 to

\$100 per acre but the price under consideration is the record for a tract of 160 acres.

Wausau—

Herman Schneider, the youth who had been roaming about in the woods near Unity for two weeks, was captured Thursday in a small clearing where he was eating berries. Friday he was examined as to his sanity and upon recommendation of doctors was taken to the Oshkosh asylum.

Hurley—

Edgar Behreandt, alleged check forger, attempted to escape from the county jail here by setting fire to the building. He was confined in the women's department of the jail and had torn away all the plaster near the door and set fire to the lath. A hole large enough to allow the passage of a man's body had been burned through when the fire was discovered by Undersheriff LaFave. Behreandt is believed to be insane.

Merrill—

Mrs. Wm. Clancy of this city has in her possession one of the medals given each survivor of the memorable charge of the Light Brigade, during the Crimean war in 1854. Mrs. Clancy's brother was a member of that brigade who did not perish and when he died forty years ago he willed her the medal. The medal is of sterling silver and of beautiful design.

Crandon—

Operations at the plant of the Wisconsin Fruit Package Company are in full blast and the factory is employing the largest number of hands in its history. In spite of this fact the company is unable to fill all the orders for berry boxes and crates being received. Some of these orders come from Canada where the blueberry crop is said to be unusually heavy.

Merrill—

Unless all signs fail the annual Lincoln county fair this year will be the biggest and best in the history of the association. Many first-class attractions have been contracted for and the indications are that there will be a large entry list. This year is an exceptionally good one for the display of farm produce. A fine program of speed events has been arranged for the fair.

Florence—

The Commonwealth Iron Company's new office building now in the course of construction will be an elegant structure and one of the most conveniently arranged mining offices in the Lake Superior district. The building will be ready for occupancy about October 1.—E. A. Uebauer, a summer resort proprietor, was arrested on two charges, one of selling liquor on his premises without a license and the other for operating slot machines. He pleaded guilty to both charges and was fined \$50 and \$100 and costs.

Rhinelander, Like Every city and Town in the Union, Receives It

People with kidney ills want to be cured. When one suffers the tortures of an aching back, relief is eagerly sought for. There are many remedies today that relieve, but do not cure. Doan's Kidney Pills have cured thousands. Here is proof:

James Oberholtzer of Eagle River, Wis., says: "I consider Doan's Kidney Pills worthy of the highest endorsement. Five or six years ago, my limbs began to swell and the doctors told me that my kidneys were badly disordered. I was hardly able to get about and although I took medicine faithfully, I did not improve to any extent. When almost about to give up to despair, I was advised to try Doan's Kidney Pills and I did so. In a short time I was cured and since then I have enjoyed good health."

FORT BERTHOLD LANDS

Soon To Be Opened At Minot For Settlement

President Taft has issued a proclamation throwing open to settlement the Fort Berthold Indian Reservation in North Dakota. Registration will commence August 14th. Principal point of registration is Minot, North Dakota.

The land subject to homestead entry will approximate 342,000 acres. It will be subject to settlement under United States Homestead Laws.

The land has been appraised at prices ranging from \$1.50 to \$6.00 per acre. Any American citizen or alien who has declared his intention of becoming such and who has not already exercised his homestead right or who is not already the owner of more than 160 acres of land, is eligible to register for a homestead at this opening.

The land located in this reservation is some of the choicest land in North Dakota, located in the northwestern part of McLean County just south of the Great Northern Railway's transcontinental line. The larger portion of it is a dark brown in color, the top soil being an alluvial deposit capable of producing all kinds of cereals and vegetables. It is underlaid with a clay sub-soil. The larger portion is practically free from stone and may be easily worked.

The method of the opening will be by registering and drawing. In addition to the usual homesteader filing fees, the homesteader will have to pay the appraised value of the tract which he picks out which may be anywhere from \$1.50 to \$6.00 per acre.

HONEST MEDICINE

VERSUS FAKES

President Taft's recent message suggesting an amendment to the Pure Food and Drugs law in its relation to Prepared Medicines, does not refer to such standard medicines as Foley's Honey and Tar Compound and Foley Kidney Pills, both of which are true medicines carefully compounded of ingredients whose medicinal qualities are recognized by the medical profession itself as the best known remedial agents for the diseases they are intended to counteract. For over three decades Foley's Honey and Tar Compound has been a standard remedy for coughs, colds and affections of the throat, chest and lungs for children and for grown persons, and it retains today its pre-eminence above all other preparations of its kind. Foley Kidney Pills are equally effective and meritorious.

YOUNG POET

Two poems from the pen of Claude Venny, who is here in the interest of the Purity League, are published below. Mr. Venny devotes a part of his time to verse writing and several of his efforts have attracted more than passing attention.

I Wonder
A sad, sweet thought
So often steals
Into my heart,
After the day is done.
A wonder as
To what will be,
When you and I,
And each we know, are gone.

A Lullaby

I have sung to you, tonight, my love,
I have sung an old love song,
And the stars have listened in glad delight
As they sped along in dark of night.
Let your dear head nestle close, my love,
While your mother croons to you,
For the years are coming so swift,
My dear,
When I ne'er again can sing you here
Oh, let slumber kiss your forehead,
Sweet,
And then close your weary eyes,
While your mother's heart dreams its dreams of you,
While it dreams brave dreams of you.

HAY FEVER AND SUMMER COLDS

Must be relieved quickly and Foley's Honey and Tar Compound will do it. E. M. Stewart, 1634 Wolfgram St., Chicago, writes: "I have been greatly troubled during the hot summer months with Hay Fever and find that by using Foley's Honey and Tar Compound I get great relief." Many others who suffer similarly will be glad to benefit by Mr. Stewart's experience.—J. J. Reardon.

The Special Interest Organs are worrying about the new state income tax. They feel so bad for the man with a small income. Imagine it!

It is exceedingly amusing to blame the Socialists for the bad reapportionment. When did it become so that sixteen men could out vote one hundred seventeen?

We are still waiting to hear that Mayor Anderle has filled the vacancies on the Fire and Police Board. If our Mayor fails to comply with the law he should be made to. There are law breakers enough in our community without the Mayor.

President Taft is again in trouble, another member of his official family (cabinet) is accused of betraying the public. Of course, in President Taft's eyes Attorney General Wickersham is innocent as was Ballinger but the people class Wickersham with Ballinger. Our lawyer cabinet seems to have had too much experience with big corporations to be real faithful public servants.

We approve of the appointment of a committee of twelve to investigate the recent public scandals and we believe the members are there to root out the public evils and punish the offenders. We have no patience with the idea of letting past offenders go. In curing cancers the surgeon goes to the very roots. Prove those officers under a cloud innocent or guilty. If innocent, give them a clear bill, if guilty, punish them accordingly or remove them from office and get better men in their places.

Attorney Mylrea is now spending much of his time criticizing the extravagancies of the recent legislature. Is he still on a salary of \$250 per month as secretary of the state improvement association? Mr. Mylrea is trying hard to win the governorship by talking, but we think it will be some time before the Wausau bunch is called upon to choose the governor. The masses know too well their thirst for greed and besides Mr. Mylrea's only merit is his power to orate.

OPPOSE THE CARNIVAL

Several weeks ago, the executive committee of the Fair Association engaged the Barkoot Carnival Company for the week beginning July 31st and now there is a strong sentiment in some quarters against it. A petition headed as follows has been signed, by a large number of business firms.

We, the undersigned citizens and business establishments of Rhineland

er, hereby protest against the privilege granted the so called Street Carnival about to hold its shows and exhibits in this city and upon our streets; and we ask the Hon. Mayor and Common Council to give the matter further and early consideration with the view of cancelling the dates and withdrawing the privileges arranged with the K. G. Barkoot's Street Carnival beginning July 31st and ending August 5th. Experience has shown that Street Carnivals are not good for any town. Their moral effect is bad. Streets, traffic and city property suffer and local financial conditions are blighted. Signed at Rhineland this 19th day of July, 1911.

Other citizens are in favor of the carnival. The company is not going to be upon the streets but south of the Northwestern tracks on Oneida avenue, that is, if the City Council and Mayor approve of this location. Otherwise, the amusements will be given at the fair grounds. A contract has already been signed with the location not fully decided upon. Now the officers of the Fair Association have engaged the Carnival Company and they did it to increase the funds of the Fair Association that a better fair might be given in September and we believe did it with the best of motives. Is it right to hamper them and discomode the people by driving the Carnival Company out to the fair grounds? We fail to see how this will help conditions. We are not advocating the carnival company but we are taking conditions as they exist and trying to solve the problem the best way possible. We fail to see conditions bettered by driving the Carnival Company to the fair grounds away from the authority of the city police.

BIND PAPINEAU OVER FOR TRIAL

He is Also Arrested On a Second Charge—Bail is \$1000 In Each Case

Fred Papineau, who is charged with aiding Imperio and Roberti in their escape from the county, had his hearing before Justice W. B. LaSelle in municipal court, Monday, forenoon and was bound over for trial in circuit court. His bonds were fixed at \$1000. As a result of the evidence given at the examination a second warrant was issued for Mr. Papineau, charging him with adultery. To this charge he waived preliminary hearing and was bound over to circuit court. Bonds at \$1000.

Mr. Papineau is represented by Attorney Van Hecke of Merrill. Joe Imperio, charged with conducting a house of ill fame and for assisting Roberti to escape, whose hearing had also been set for Monday, failed to appear. His attorney, W. G. Anderson of Chicago, asked for a continuance of the case on the grounds that his client was ill. The motion was denied and Imperio's bonds declared forfeited.

ARREST ITALIANS AT MILWAUKEE

Dolly Roberti and Two Laspinos Are Sent to House of Correction

Dolly Roberti, fiancée of Phillip Roberti, alleged white slaver, who, with Tony Imperio, was caught by a posse near Conover after fatally shooting Sheriff John Radcliffe, was, according to the Milwaukee papers, sentenced to the house of correction at that city for thirty days Friday for vagrancy.

Sentenced with the woman were Michael Laspino and Hilo Laspino. Michael Laspino, according to his admissions, was a boon companion of Roberti and had clothes owned by Roberti in his possession when arrested. At the time of the shooting of the sheriff and his deputy at Conover, Laspino and the two women were two miles from the scene of the shooting, according to the police.

Engaging a room at 511 East Water street, Laspino is alleged by the police to have visited a number of resorts. The owners notified Detective Paul Pergande, who began an investigation and located Laspino and the two women and preferred charges of vagrancy against them. Laspino and his wife receiving ninety days each.

NEW LAWYER IN CITY

Attorney Chas. Smith, formerly of Madison and Grand Rapids, has commenced the practice of his profession in this city. He has rented office rooms in the Shepard block on Davenport street. Mr. Smith is a graduate of Wisconsin University law school.

NEW ENGINES AND PUMP FOR CITY

Purchasing Committee Accepts Offer Of Laidlaw-Dunn-Gordon Company

The committee from the council authorized to purchase new equipment for the city pumping station has accepted the proposition of the Laidlaw-Dunn-Gordon company to furnish two horizontal duplex cross compound non-condensing crank and fly wheel Meyer gear pumping engines. These engines have a capacity of 200 gallons of water per minute and operate at 52 revolutions per minute. The committee also accepted the company's offer to furnish one 6 inch horizontal 2 stage Worthington centrifugal pump of the turbine type. This pump designs to operate against 105 pounds water pressure and to have a capacity of 1000 gallons per minute.

The contract price for the above apparatus is \$10,670 F. O. B. cars, Rhinelander.

The terms of payment are 25 per cent on shipment, 25 per cent upon arrival at Rhinelander, 25 per cent upon erection and 25 per cent upon acceptance.

The Rhinelander Iron company accepted the contract to install two boilers in the station at a price of \$2213.00.

McGrath Gets Contract

At a meeting of the board of public works Monday, the contract for new street paving in this city was let to the McGrath Construction company of Green Bay at \$13,625.50.

Other bidders were John Stiffler, Marinette, \$13,801.00.

G. H. Stanchfield, Fond du Lac, \$14,073.00.

BLUEBERRIES PLENTIFUL

Never before in the history of the county have blueberries been as plentiful as they are this season. At Malvern, Newbold and other near by patches hundreds of people have picked the fruit. It is estimated that over 500 pickers were in the woods Sunday. Blueberries are selling at from 8 to 10c per quart.

THE COMMITTEE OF TWELVE

To the Citizens of Rhinelander: There seems to be an impression in the minds of some of our people that the Committee of Twelve chosen at the mass meeting Friday evening, July 14th, expects to work a reformation in Rhinelander and have a general moral clean up, both public and private.

The present intention of the Committee is simply to weed out, if possible, any city or county officials who are not honestly doing their duty to the public, and to get rid of the vicious element, that has recently given the authorities so much trouble, and others of like character.

Signed, E. O. Brown, Chairman.

FUNERAL HERE FRIDAY

Remains of Thos. Lavin Are Brought To City This Morning.

The remains of Thos. Lavin were brought to this city this morning from Hills and are at the home of his brother, John Lavin, from where the funeral will be held Friday forenoon.

Mr. Lavin's death occurred Tuesday afternoon at Hills where he has been employed for the last year as logging locomotive engineer. For the last twenty-three years he had made Rhinelander his headquarters and had a large circle of friends here. He was liked by all who knew him.

At one time Mr. Lavin was an engineer on the Soo line and after leaving that road worked on various logging railways. He was fifty-five years of age.

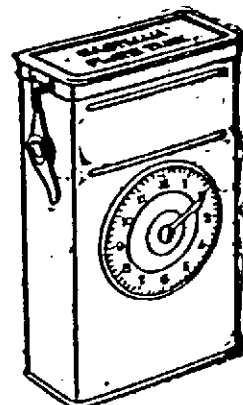

Deceased is survived by a sister, Miss Mary Lavin of this city, and two brothers, John of Rhinelander and Luke of Iron River.

HARRIGAN FAMILY HERE

Mr. and Mrs. W. D. Harrigan and children, Miss Mary Gray, and a colored nurse are here from Fulton Ala. Mr. Harrigan is one of the south's most prominent and successful lumbermen and he is also extensively interested in timber operations in the west. He is a member of the Milwaukee Lumber company whose mills are at St. Maries, Idaho.

Although a very busy man Mr. Harrigan always finds time to make occasional visits among old Rhinelander friends.

Mrs. Henry Bies of Iron River, Mich., is the guest of her mother, Mrs. E. McRae.

SHAW GOOD BUSINESS MAN

But All His County Claims Were Not Verified

Shaw is an exceedingly shrewd and careful business man who gives special attention to little details in his business transactions. We have already called attention to the fact that as district attorney he was presumed not only to know the law, but to see to it that its provisions were complied with in every particular.

The statute then provided, as it does now, that all claims against the county must be presented to the county board, and must be itemized and verified by the claimant or his agent, and unless so itemized and verified, the county board of supervisors had no jurisdiction even to consider such claims, much less to allow and order them to be paid. Nevertheless the records show that Shaw received payment on claims that were not verified, aggregating in amount the sum of \$1,677.75 and likewise received money on claims not itemized as required by law aggregating the sum of \$5,819.61. Such carelessness and disregard of the statutes would not be tolerated in private business affairs. Why was it tolerated or overlooked in county affairs?—Crandon Echo.

TIES ARE COMFORTABLE

Some of the fans who went to Ironwood, Sunday to attend the baseball game declare that the railroad ties scattered along the street car track are very comfortable for sleeping purposes. One or two of the boys enjoyed their first street car ride in many years and found the experience so pleasant that they even refused to leave the car when their destination was reached.
